

## **Ventura Competition August 6<sup>th</sup> or 12<sup>th</sup> (TBD)**

On Friday we will be competing in our last competition of the year at **San Buena Ventura State Beach**. We would like to ask for your assistance in helping us transport participants to and from Ventura. A bus will be provided, which can seat forty children. The Bus will leave at 8:15 am and arrive back at East Beach at approximately 3:30 pm. All participants requiring a ride will meet at the Cabrillo Bathhouse at 8:00 am.

Should you decide to organize a carpool or drop off and pick up your child from Ventura, we ask you have participants at **San Buena Ventura State Beach** by 9am, and you return to transport back to East Beach no later than 2:30pm. It is also imperative that you notify a group instructor prior to August 3rd that you will be making separate travel arrangements, so we can account for all program participants safety. Also, if you do drive participants to the comp, please make sure that you will also be able to pick up those same participants at the end of the day. Our bus cannot accommodate participants that are driven separately to the comp. Parking will be free at the State Beach, simply write "junior lifeguard" on a piece of paper and have it on your dashboard.

Thanks for everything,  
Junior Lifeguard Instructors
